Geeks and Geezers: How Era, Values and Defining Moments Shape Leaders (Hardback)

By Warren G. Bennis, Robert J. Thomas

Harvard Business Review Press, United States, 2002. Hardback. Condition: New. New. Language: English. Brand New Book. Today's young leaders grew up in the glow of television and computers; the leaders of their grandparents' generation in the shadow of the Depression and World War II. In a groundbreaking study of these two disparate groups - affectionately labeled geeks and geezers - legendary leadership expert Warren Bennis and leadership consultant Robert Thomas set out to find out how era and values shape those who lead. What they discovered was something far more profound: the powerful process through which leaders of any era emerge. Geeks and Geezers is a book that will forever change how we view not just leadership - but the very way we learn and ultimately live our lives. It presents for the first time a compelling new model that predicts who is likely to become - and remain - a leader, and why. At the heart of this model are what the authors call crucibles - utterly transforming periods of testing from which one can emerge either hopelessly broken, or powerfully emboldened to learn and to lead. Whether losing an election or burying a child, learning from a mentor or...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
-- Ally Reichel

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
